Important Letter.

Messrs Curtis & Spring

Dear Sir—I herewith enclose you a few lines relative to your 'Down's Elixir' which, for the benefit of the suffering, if you think worthy, you are at liberty to make public. About a year and a half ago my mother became sick, so that in a short time she began greatly to fear for her life. Her symptoms were bad cough, pain in the side and stomach, night sweats and other premonitory signs of confirmed consumption. We consulted our best physicians, who gave her little or no relief and finally pronounced her case incurable consumption. She continued to become weaker, and the symptoms more confirmed

About this time, at the suggestion of a friend, we concluded to try Downs' Elixir. Having procured a bottle from your agent (S R Bryant, of Eastport) she commenced taking it. At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve, she cured her cough, relieved her night sweats and greatly improved the ... one of the ... whole system—her having continued its use ... most of the time for ... a year, she has herself cured. She is now able to go about the house and superintend affairs ... I ... we believe ... to Downs Elixir alone she owes the preservation of her life and the restoration of former strength and energy. We have also used it in our family in other bad ... which it is recommended in the pamphlets, with universal success. Yours truly,

(Signed) SWAIN P NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country, almost daily

DOWNS' ELIXER is unquestionably the best ... known for the cure of COUGHS, COLDS, CONSUMPTION. It is more certain to relieve in all cases of ASTHMA—often a perfect cure—than any thing hitherto offered to the public

In cases of WHOOPING COUGH it needs only to be tried to give it a decided preference over all other remedies. It immediately breaks up the cough, ... and terror. For the CROUP it is a positive cure. We speak with confidence for it has never failed, and we believe never will, when used ... according to directions

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Bangor that he may be consulted as to all diseases incident to the human frame, at his office,

No. 56 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye, this is an advantage that Dr D has above all other practitioners and which all will naturally do away the necessity of a long and unpleasant explanation on the part of the patient, of the diseases with which they are afflicted. The age and length of time the patient has been suffering is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected

Dr D has been very successful in the treatment of Colds, Coughs, Consumptions and Liver Complaints, Dyspepsia, all Pulmonary diseases, Scrofula, Rheumatism, Piles, Dysentery, all diseases of the Eyes and Ear, diseases of the Blood, Palpitation of the Heart, Gout, Salt Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder, Toothache, Earache, Hernia, Abdominal Weakness, Dropsy, Intemperance, Stammering. Dr D warrants a cure of any of the above diseases if applied to in season

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 11 A M and from 2 to 9 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications (post paid), with a fee enclosed will be strictly attended to

KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES (having as it may seem, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for Diseases of the Lungs." Some we know are knowing to the fact. This INE. INVALUABLE Sarsaparilla is also doing wonders in foreign states. And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so LITTLE of doing injury. What distinguished compliments are these! Never was there a medicine so used with SUCH RECOMMENDATION. It CURES when every thing else fails. the

Severest Scrofula and Lumps,

where the flesh falls off the bones—the bones are diseased and the DARK OF DEATH seems ready to strike the sufferer. And the reason for this is that it makes the BLOOD perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. IT CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak or Feverish, Skin yellow, Nerves deranged, the entire Health, Strength, and Vigor of every internal function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public ... justly style it the

Master Remedy of the Age!

The great secret of all its triumphs is that it does what no other Sarsaparilla is that it does maintain per... the patient or prolong his sufferings. But it attacks the disease and routs it from the system, then brings up the flesh and strength on a per... fectly pure Blood so that the cure is taken as a ... ough and permanent. Others only scatter or seek ... the disease but this EXTIRPATES it wholly from the system—this saves the patient life. While others endanger it. The whole body is made ... healthy by the use of this GIANT MEDICINE, the System is vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that Medical Colleges, Professors, and Physicians always prefer it for the sake of it. Try it all you who are seeking the PRICE LESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is to you especially that this Sarsaparilla is made, as the HEALING ART has been tasked ... the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with little hope of cure so invariably and entirely fail. But this Sarsaparilla has the SPECIAL ability to cure every Disease, Affliction or Pain which women are under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

☞ ***The Washington Union is out against "GEN. TAYLOR because he is pledged to yield his assent to the atrocities of the Wilmot Proviso, and is pledged not to resort to the Presidential Veto against it, if the people shall constitute a Congress that shall enact those doctrines into a law."***

☞ ***"I do not desire the presidency, and only consent to be a candidate in the same proportion in which it is desired by the people irrespective of party; and he that cannot be trusted without pledges, cannot be trusted with them. [ZACHARY TAYLOR.

☞ ***"If the enemy oppose my march, in whatever numbers, I shall fight him."—GEN. TAYLOR at the battle of Palo Alto.***

"Keep it Before the People."

At the Utica convention of Barnburners that met in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER, and was unanimously adopted

Resolved, That Gen ZACHARY TAYLOR *by his masterly correspondence* with the War Department no less than by his heroic conduct and indomitable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but *a man of great mental and moral power,* and whose life has given evidence of a *strong head, an honest heart, and a Republican simplicity of character.*

The Cass Fraud Exposed.

Nothing can more clearly reveal the fact that Gen Cass is not the man for President of these United States than the fraud to which his partisans have resorted in building him up before the people, and which has been exposed on the floor of Congress. Nothing better than his fraud illustrates the real motives and character of Gen Cass whole public life. He is a tricky, yielding demagogue politician, with sails ever spread to catch the popular breeze of his party, and having no abiding place in his heart. He well illustrates the character of a supremely selfish man—all grasping and unscrupulous in his claims, and miserly in his clutch of wealth.

In the long series of forty years of public life, no great measure of public utility—no noble suggestion for the welfare of his country or the elevation of the people marks his life. In vain the records are searched, in vain is history interrogated for any great deed, any bright line which his life has written, or any golden or even silken thread, which he has woven in the web of time. Nothing of the kind can be found. To cap the climax of audacity in attempting to boost this massive lump of arrogant, unprincipled selfishness into the Presidency, is the truly outrageous fact that the Democratic party are publishing two lives of General Cass, the concluding portions of which positively contradict each other.

Mr Mangum in the U S Senate on the third inst read a long extract from each of these printed documents and proved conclusively that one of them exhibited General Cass as opposed to the Wilmot Proviso, and that the other exhibited him as in its favor. Both of these lives he said had been issued from the office of the Congressional Globe! He denounced this movement as an outrageous fraud, and a lasting disgrace to the Democratic party. Mr Foote of Miss., interrupted the speaker by the question—"Does the gentleman mean to assert that these documents are conflicting?" "They are not," was the reply, "for one of them travels directly towards the South and the other towards the North." The revelation made by Mr Mangum caused great excitement, and a number of efforts were made by Messrs Hannegan and Foote to prevent him from going on, and Mr H. took it upon himself to declare that the Congressional Committee having General Cass' reputation in keeping, had not countenanced the fraud which had been divulged.

It was decidedly a very lame effort on the part of Mr H. though a great quantity of savage epithets were employed by the Senator. He acknowledged that there was a difference between the two publications, but affirmed that it was not material. That is a question which any disinterested man can settle, and if Mr Mangum did not settle it, there never was a question settled, by any man, or any body of men.

Letter from France.

The following extract of a late letter from Paris, is from a source which entitles it to respect. The writer is a lady who has been many years a resident in France and who we presume [illegible] such as to [illegible] the best opportunities of observation and judgment in respect to passing events. The letter is addressed to a relative of the writer in this city.—[Boston Traveller.

"We are in the midst of confusion and trouble here. The Republic will never succeed in France—the people are too light and too much accustomed to the glitter of a court to relish the plain republican forms, besides the ignorance [illegible] they do not know the meaning of the word. An old woman told a friend of mine the other day—'Yes, I like the Republic well enough, but where is the King?' The National Assembly have been in [illegible] these six weeks, who are they doing? [illegible]

They you see they have not [illegible] the true meaning of the word. Commerce is in the [illegible] and is forced to [illegible] there is nothing to be done speedily to restore confidence, and public credit, [illegible] France will be utterly bankrupt. Mitchel the Condemned.

A correspondent of the Lost, writing from Halifax, says "that the Irish patriot Mitchel is suffering from asthma, and that he will not be placed upon the public works until he recovers his health. He has at present a small cabin to himself on board the Dromedary hulk, and is subjected to all the restrictions of a convict. It is reported and believed that he died with the [illegible] of the Scourge [illegible] the whole passage out."

Accident at Waterville.

An accident occurred at Waterville, Me., a few days since. A young man was filling a lamp, while lighted, with burning fluid when it caught fire and he threw it from him on to another young man sitting near. Remarks of Hon R C Winthrop on the occasion of laying the foundation of the Washington Monument.

The New York Herald gives the following sketch of the admirable address of Mr Winthrop, delivered by him on the fourth of July last on the occasion of laying the corner stone of the National Monument to the memory of George Washington:—

"They had assembled to take the first step to wards the fulfilment of a long deferred duty [illegible] They had come together this [illegible] forty ninth year after his death, to lay a corner stone of a national monument to Washington. Other monuments to this illustrious man have long ago been erected; [illegible] States of this Union, and by not a few of the great cities of our States [illegible] great chest of [illegible] he reared a monument [illegible] the great tide [illegible] Government [illegible] of official bodies [illegible] people of the nation—a national monument erected by the citizens of America. [Applause.] Of such a monument we have come to lay the corner stone here and now—on this day, at this spot, in this presence, and at this precise epoch of the history of our country and the world we [illegible]

[illegible]

The President of the United States is here and his [illegible] that the official dignity [illegible] that has been [illegible] We have the Vice President of the United States, the municipal authorities [illegible] the army, the navy, and the marine corps, [illegible] volunteers, fresh from scenes of triumph, with their swords wreathed with myrtle, [illegible] all, all are here to attest their reverence for him whom statesmen and every condition of people, come to pronounce the first in peace and in war. [illegible] I feel that I bring with me the sanction, not only of the representatives of the people, but that of the people themselves, for all I can say in honor of Washington. [illegible] the people themselves are here at the capital in crowds of witnesses, to bear heartfelt testimony to the occasion, for all the States of the Union, from all political parties, of all occupations and professions, men of all sorts and conditions, and those in whom all souls and conditions bow (the ladies) imparting to them the grace and refinement of life (Applause) The people are here—[illegible] Fellows, Rechabites, Sons of Temperance all are here to [illegible] to render respect and gratitude to him who was and is, and will forever be, the first in the hearts of his countrymen. I have had made mention of all who sit with us at the hour. Think you that those who stood around him are absent? Adams and Jefferson, the great authors of the Declaration of Independence, by their lives and their deeds, doubly hallowed this day. Hamilton and Madison, the joint framers of the constitution, are visibly present—present in the venerated persons of those whom they held dear in life—Mrs Hamilton was upon the stand, and all eyes were now turned towards her; Mrs Madison was not present.] Marshall under whose auspices the [illegible] Franklin, Jay, Morris, Putnam, Knox, Kosciusko, Lafayette, Warren, Mason, and others. [illegible] I feel that I do them no wrong in mingling them among the gratified witnesses of this occasion. We behold on the continent of Europe the influence of our institutions; we see the [illegible] We waited over the ocean from our old liberty tree. (Tremendous applause.)"

Mr Winthrop here made a felicitous allusion to the will of Mr Jefferson, that an ocean of fire rolled between the old and the new worlds, leaving a deleterious effect upon our institutions by an antagonism from abroad. He said that the great feature of the age, and alluded to the ocean of fire in fact—the fire and the smoke of steamers, as facilitating intercourse with foreign nations, and conveying the blessings of free institutions. Men are beginning to comprehend something of the construction and machinery of the American built locomotive liberty. The [illegible] that all are created [illegible] in Paris as equal [illegible] two years ago in the city of Philadelphia. The whole civilized world resounds with American [illegible] Every valley is now [illegible] every mountain finds a tongue for them. People every where are calling rulers to account, demanding freedom, trial by jury, the freedom of the press, for the representative system, for republican government. In a few years rulers have been seized with premonitory symptoms of freedom, and have wrote peace with the Roman monarch has the [illegible] for [illegible] (Applause.) Nobody will withhold the approbation that is justly due Prussia, Italy, France, and the whole European world is a great work still referred to the early history of Washington, and to the principles which characterized his administration. In three great epochs of the country's history we see him at the head of the Armies. In the war of the Revolution few were the leaders of our armies in the formation of the constitution in the organization of the head of our councils, in the war was the chief magistrate of the Federal Government. [illegible] In the history of mankind it is doubted whether one can be found who had more [illegible] influence over [illegible] Washington [illegible] He made no pretensions to scholarship [illegible] He was the [illegible] inspired awe than affection, and his friends were bound rather by respect than love. He was tinged by no romance, nor by the reckless spirit of daring adventure. Of one occasion he remarked 'I heard the bullets whistle, and I believe there is something charming in the sound'; but when he said this he was young. He [illegible] it not.

[illegible] The babble reputation at the cannon's mouth."

When Patrick Henry returned from the first Continental Congress, he was asked who was the greatest [illegible] in that body? 'If you speak of eloquence, there is Rutledge, of South Carolina. But if you speak of judgment and sound information, Col Washington is unquestionably the greatest man on the floor.' (Applause.) When Col Washington was presented a vote of thanks in the Virginia House of Burgesses, he was unable to reply. 'Sit down, Mr Washington,' said the Speaker; 'your modesty is equal to your valor; and that surpasses the power of any language that I possess.' It was his great thrift [illegible] his soundness of judgment, his solid information and his balanced judgment, that made him the pre-eminent man [illegible] a character has never been paralleled.

[illegible] a great and good man. Every barrel of flour manufactured on his estate bore the brand of George Washington. In the West Indies it was admitted without inspection. This speaks volumes for his quality and honesty, and is the only man in the country, and Thomas Jefferson was a man in whose confidence is one who has the co[illegible]

[illegible] I will enter upon the duties of the Chief Magistracy [illegible] and then I will see [illegible] tranquility [illegible] With the sword of the country [illegible] his hand [illegible] and he came from [illegible] We see him now [illegible] power with reluctance, and laying it down at the earliest opportunity. He alone [illegible] He rejected with indignation, and forthwith devoted all his influence for the establishment of the republican system [illegible] He believed that the welfare of the [illegible] and the world was interested with its success. We feel it to be no exaggeration to say, that [illegible] He was the only man who could have carried through our revolutionary struggle.

Washington is a name well known in Europe. He is seen in every country, and wise men ply him in [illegible] Recently, in the tribune of the Atlantic, Lamartine, in reply to the Italians, said, "Pronounce the name of Washington and substitute that of Washington—We want not a [illegible] (Applause.) [illegible] Though we fear [illegible] recent disastrous intelligence, [illegible] we still [illegible] hope that [illegible] God grant his career, your high character, may be upheld [illegible] and many people [illegible] the sound of liberty [illegible] (Applause.) [illegible] I will not disturb this assembly by one word of political allusion, but I must say that there has never been a moment when a great leading principle of his should be more earnestly cherished and remembered than at this time. The first, the most complete, cordial, and indissoluble union of the States; the second, the separation and disentanglement of our own country from other countries. A perfect union of our own [illegible] and neutrality towards others, and domestic and foreign peace, was the settled policy of the Father of his Country but above all was the union of the States, and an adherence to the laws as essential to the prosperity and liberty of the people. In his farewell address he exhorted the people to cling to it in any event. This was the language of Washington. Be it our pride that this day. (Applause.) Let the column about to rise be at once a pledge and emblem of the perpetuation of the Union. (Applause.) Let the foundations be laid, let the superstructure be reared, let every stone be raised in support of Union, and may the earliest rays of the rising sun fall upon it, until the sun shall have set to rise no more; and may there be drawn from it daily, as from the fabled statue of antiquity, a strain of national harmony, which shall strike a responsive chord in every heart in the republic! Let us seize this occasion to renew our vows to the constitution, and let us contemplate the power that holds the stars of our confederacy in a glorious constellation forever. (Applause long continued.)

Proceed in the noble work for which you have assembled. Build the monument to the skies, you cannot overreach the loftiness of his principles, found it on the massive and eternal rock, you cannot make it more enduring than his fame, construct it of Parian marble, you cannot make it purer and more spotless than his [illegible]

CONGRESS.

Monday, July 10

In the Senate, Mr Hale of New Hampshire asked and obtained leave to bring in a joint resolution in favor of preventing speculation in public lands and providing that every male citizen owning no other land may enter one hundred and sixty acres and receive a deed for the same after five years residence thereon. Read and passed over informally.

Mr Upham of Vermont, presented a petition praying Congress to purchase Mount Vernon for a site for a National Botanical Garden. Referred to the Committee on Agriculture.

Mr Niles reported a bill in favor of extending the franking privilege. The bill providing for international literary exchanges was passed. Mr Dix proposed to take up next the bill establishing a branch mint at New York. Mr Atherton reported a bill from the finance committee providing for the payment of liquidated claims of citizens of the United States against Mexico.

The Oregon bill was then taken up and Mr Reverdy Johnson addressed the Senate at length with much ability.

In the House, Mr Stephens moved that the rules be suspended to enable him to offer a resolution calling upon the Executive to communicate more accurate information respecting the boundaries of California and New Mexico, as described in the recent treaty; and asking whether any government had not been established therein—whether trials and other civic business had not taken place under a military governor, and under what authority.

Leave was then taken, the yeas and nays were demanded, and the rules suspended. Mr Stephens then addressed the House in an excited manner upon the President's alleged duplicity in claiming the Rio Grande line to 1846—in his message of 1846—was the boundary of Texas and yet making it a part of the [illegible] Mr [illegible] that Texas had not established that boundary.

Dr Jayne—Dear Sir—By the blessing of God, your Expectorant has effected a cure in me of a most distressing complaint. CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS COUGHS ASTHMA and CONSUMPTION*
BUCHAN'S HUNGARIAN BALSAM the Great English Remedy for Pectoral and Pulmonary diseases still stands unrivalled and unsurpassed as the most elegant agreeable and genuine preparation of these formidable complaints, now known in the civilized world
Three years time of trial in the United States during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merit in all parts of the country, as the great and only RELIABLE REMEDY in the world, for all pulmonary diseases, and the best and most expeditious curative of all the slight forms of colds, coughs and inflammations that can possibly be named.
INCONTESTIBLE PROOFS
Of the efficacy of this Balsam in the worst forms of Consumption
IMPORTANT MEDICAL TESTIMONY
Dr. BUCHAN—Dear Sir This English Balsam is beyond all question, a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family and in my professional practice for more than two years with the most unfailing and entire success, in cases of severe *Pulmonary disease*, and can conscientiously recommend it to the public as the most certain remedy for such diseases with which I am acquainted Yours resp ctfully
FREDERIC T STORER M D
Saco Me, May 22 1848

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM
[From the Christian Freeman

While we repudiate quackery, we are always pleased to give credit for that which is truly useful, and to give information which may benefit others A few days ago a brother of ours from Norway, Me came to our office He was in comfortable health when we did not expect to see again on earth We inquired a little a few weeks ago from another brother resident in the house with him saying that he was confined to his bed and could not probably even sit up to see him Judge then of our surprise when we saw him enter our office He was out of doors enough remaining as it would be natural that he should have, not long had further time for acquiring strength although he was in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

Boston, Feb 16 18 7
Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of Buchan's Hungarian Balsam of Life Here is a plain statement of facts in relation to my case, and if the use of any service in inducing the sick to seek out of the sources from whence I got relief I shall be thankful
My residence is Norway Me Three years ago last fall I took a violent cold which left a cough of the most aggravated kind accompanied by a severe pain in the left side Last June I had become so feeble that I was obliged to quit all work and was confined to the house until about four weeks since During that time I received the best medical attendance and tried nearly all the medicines in order to recommend of it to such cases, but could find no relief but grew worse and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam and immediately procured a bottle This gave me instant relief and six bottles have broken up my cough and placed me in a situation to resume, with advancing health my usual occupation

BE WISE TO-DAY

Delay in any case of Consumption is tendency, is certain death, under all circumstances The Genuine Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described, be advised in time
Sold in large bottles at only one dollar per bottle

The Great Remedy for Gonorrhœa

GLEET Stricture and all analogous complaints is **Dr DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years His only aim or for introducing the Paste in this public manner is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D. most solemnly affirms that during his practice of forty years this Paste has never, in one single instance [illegible] failed to effect a cure in a few days without [illegible] change of diet or hindrance from business. It [illegible] to the most stubborn cases—cases that [illegible] the regular course of treatment [illegible] our first physicians for months and even years [illegible] after [illegible] the Paste for a few days the symptoms [illegible] and the patient is [illegible] discharged entirely cured.

If those [illegible] would purchase by one box of the Arabian Paste we should not see so many emancipated [illegible] and sallow countenances as we do at the present [illegible]

☞ In case the Paste should fail to effect a cure in the shortest time possible [illegible] ten times the price paid for it will be given the purchaser on returning the empty boxes.

Certificate from Col Tate editor of the Columbia Democrat Pa

OFFICE OF THE COLUMBIA DEMOCRAT, Bloomsburg Columbia Co Pa, March 4 1848

Dr William Wright—Dear Sir—I am one of the many whose aversion to quack nostrums had prevented them of the benefits resulting from the use of good medicines Acting under this influence I have seldom resorted to the Pill box Last March when you commenced advertising in my paper I was induced to give your Indian Vegetable Pills a trial and after having fairly tested the merits for myself and family gave them a decided preference over every other preparation

In every instance when afflicted with sick headache, or when the stream of life was encumbered with morbid humors I found speedy relief from the use of four [illegible] By taking from four to six on going to bed when indisposed I have always been restored to health without loss of time and without the expense of a physician Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient and in my case without producing ever sickness at the stomach

Respectfully your friend &c LEVI L TATE

[From the Delaware Express Delhi N Y]

WRIGHT'S INDIAN VEGETABLE PILLS —Although not particularly friendly to patent medicines we must confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy For a gentle medicine, one or two will be found mild though effective Where bile or other impurities have accumulated, and more thorough medicine is required a dose of three or four of these pills taken on going to bed will be found effectual in cleansing the stomach and restoring the bowels to a healthy state! We speak from experience, and take pleasure in commending the pills to the public

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble in outer appearance the original article The safest course is to purchase from the agents only one or more of whom will be found in every town and county in the State

DISEASES OF THE Throat and Lungs.

COUGHS and Colds the fruitful parents of Consumption Bronchitis, Asthma Pleurisy and many other dangerous diseases are too often neglected until the foundation of the Specific Complaint is laid deep in the System A Physician is then called in, who administers a few Palliatives, but declares the disease incurable and the Patient in confirmation of his opinion dies But why does he die? Simply because he does not resort to the proper remedy, but trusts the mere prescriptions of a Practitioner rather than the infallible evidence of experience and the most authentic testimony On this subject is the only true one, the efficacy of

DR. VONDERSMITH'S INDIAN COUGH BALM *and Lung Balsam,*

have been thoroughly established Let those who doubt read the following testimonials which are merely samples of hundreds of the same nature

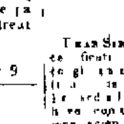
Dillow's Celebrated HEAVE CURE!!!



Which has been used with such astonishing effect in France and England for the last twenty years is now and has been for the last two years performing the most wonderful cures ever known in this country More than

200 cases of Heaves,
25 0 cases of Chronic Coughs and Colds
100 cases of Catarrh and Nasal Gleet
1500 cases of Affection of Bronchial Tubes and Glands
500 cases of Thick and Broken Wind and
600 cases of Inflammation of the lungs

Have been cured by this extraordinary remedy since its introduction in the United States The following is one of the hundreds Certificates in our possession proving its Universal efficacy

New Scotland Albany Co N Y February 17th 1848

Messrs Ford & Grant Gentlemen—I herewith transmit to you my certificate for the benefit of those who may have horses similarly afflicted

I hereby certify that one of my best horses in the winter (1846-7) became afflicted with the heaves in the most aggravated form—which I allowed to run the season and four months, without doing anything for him Hearing however of the unparalleled popularity of Dillow's Heave Cure I purchased three packages of it gave it to him and it entirely removed the disease From that time until the present he has been in a perfectly sound condition

JAMES M WILLIAMS

UNIVERSAL CONDITION MEDICINE

Read the testimony of an eminent Boston Farrier

BOSTON January 9 1848

Messrs Ford & Grant Gentlemen—At the request of your Agents here I send you my opinion of your celebrated Dillow's Heave Cure As an *Universal Condition Medicine* as well as a sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes parotid and submaxillary glands and the lungs and also from its general and alterative properties I recommend it to be the best medicine extant for cases of Fancy Surfeit Chest Founder Dropsy of the Skin and Chest Fever Pleurisy Jaundice, Hide Bound Inflammation of the Kidneys and Mange I conceive it to be a vegetable compound which operates upon a natural system in the same manner that Yellow Dock and Sarsaparilla operates upon the human system I would call the attention of the horse owning public, to the fact that nine tenths of the above Diseases are contracted through neglect during the Moulting Season or time of changing the hair which takes place during the most inclement seasons in the whole year at which time if the horse is exposed and neglected the pores of the skin close up and the circulation of the fluids cease I left in that condition Disease in some form must ensue It is at this time that I consider your *Inestimable Powder* indispensable as it operates upon the pores and Fluids of the Skin and loosens the old hair to fall off in due time making way for the new and imparts to it a fine and glossy appearance

THOMAS JONES Farrier, No 10 Ash street

CAUTION.—The astonishing success of Dillow's Heave Cure for the last two years, in the United States has induced several persons to imitate and counterfeit it and they even go so far as to caution the public against it and endeavor thereby to palm off their nostrums as the only genuine article We declare that *Dillow's Heave Cure* is the first article of the kind ever introduced in the United States and we hereby offer the sum of *One Thousand Dollars* to any person, or persons who will prove to the contrary Consequently all others must be imitations

Patent Mill Wheels.

Timby's Patent

Two Vent Cast Iron Water Wheels

—for—

SAW MILLS,

Invented by T. R. Timby of Cato N Y.

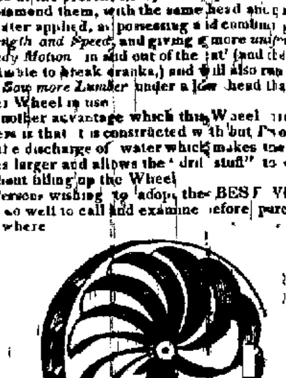
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them, with the same head and quantity of water applied, as possessing a decided gain in *Strength and Speed*, and giving a more uniform and *Steady Motion* in and out of the cut (and therefore not liable to break cranks,) and will also run *longer* and *Saw more Lumber* under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the 'drift stuff' to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS."

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the estimation these Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel, for perpendicular Shafts now used

A evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by ITHAMAR A. BEARD, Esq, *Civil Engineer* —Lowell Mass who is well known as one of the most Scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and vent of the Wheel, each extending so far around the Wheel, that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved, which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water, and will run as well in back water as out of it, providing the head rises in a freshet as fast as the back water But a Wheel with the jets rightly gauged for a high head will not answer for a low one, and vice versa, for as the head increases the width of the jets should be proportionably increased, so that the water may not issue to waste, and not give its best effect to the Wheel

"In point of power, the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless as less liable to need repairs easily accessible when they are needed costs much less in the outlay, is much more durable and takes very much less room in a mill or shop — Simplicity of structure, durability of parts, convenience of application and excellence of power are the grand points of recommendation for this Wheel

ITHAMAR A BEARD, *Civil Engineer*

All sizes of the above Wheels with all the LATEST and most IMPROVED patterns of Mill Gearing, Machinery, &c; Shingle, Clapboard, Sapping, Lath and Box Machines;

Important Letter.

Messrs Coney & Smith

Dear Sirs—I herewith enclose you a few lines relative to your 'Downs's Elixer,' which, for the benefit of the suffering, if you think worthy you are at liberty to make public About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life. Her symptoms were, bad cough, pain in the side and stomach night sweats and other premonitory signs of pulmonary consumption We consulted our best physicians, who gave her little or no relief and finally pronounced her case incurable consumption She continued to become weaker, and the symptoms more confirmed

About this time at the suggestion of a friend, we concluded to try Downs Elixer Having procured a bottle from your agent (S R Byram of Eastport) she commenced taking it At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve It cured her cough, relieved her night sweats and greatly improved the tone of the whole system — After having continued its use most of the time for nearly a year, she was able herself cured She is now able to go about the house, and superintend affairs as usual Under God we believe that to Downs' Elixer, alone, she owes the preservation of her life and the restoration of former strength and energy We have also used it in our family in other cases for which it is recommended in the pamphlets, with universal success Yours truly,

(Signed) SWAIN P NORDSTROM.

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country, [illegible] daily

DOWNS' ELIXER is unquestionably the best article known for the cure of *COUGHS, COLDS* and *CONSUMPTION* It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public,

In cases of *WHOOPING COUGH* it needs only to be tried to gain it preference over all other remedies It [illegible] breaks up the cough and renders a mere [illegible] what is otherwise a scourge and terror For the *CROUP* it is a positive cure We speak with confidence, for it has never failed and we believe never will, when used according to directions
